**RE: Relay For Life of The Villages of Hope  
April 29 – 30, 2011**

Dear Mr. Arnold,

I respectfully request golf cart access on CR 103 at CR 466 April 29 – 30, 2011 until 12:00 PM for the Relay For Life of The Villages of Hope.

The American Cancer Society's Relay For Life of The Villages of Hope was requested to move the event off Villages property for 2011. To comply with the request, but continue to provide residence with the annual event to celebrate, remember & fight back against cancer for survivors and caregivers throughout the Villages, the event moved to 12109 CR 103, Oxford, FL.

The event will be maintained on the Central Florida Urology Specialists / Central Florida Prostate Cancer Center, Advanced Urology Specialists / Advanced Prostate Institute property. Campsites will be located on both ends of the building with the walk path maintained on the sidewalk and parking lot around the facility. Ample parking is available as the owners have approximately ten acres additional property.

We have approached the Lutheran Church however the church felt allowing Relay For Life access to the facility through their gate would compromise future church access with the Villages Management group. The alternate would be to seek access for the overnight event via CR 103.

Regarding Luminaries, a signature of the American Cancer Society's Relay For Life, the walk path will be lined with candle lit bags in honor and in memory of cancer survivors, as well as recognition to caregivers. Bags will be placed strategically along the walk route on the concrete curb edge as opposed to grass. In doing so, we hope that this will eliminate the need to have additional fire patrol on site for the event, however we would appreciate assistance from the Sumter County EMS for the evening.

Thank you for your consideration and assistance in providing golf cart access for this alternate location. I look forward to your positive response.

Respectfully,

*Dorothy Hardee*
